21 st March 2021	Puzhanadatham

Rejuvenated by the energy from the active members of the Club and the wholehearted support from the Principal and the Management, the Green Club ACT launched the activities of the academic year on 5th June 2020. The slogan that the club airs this year is “May Your Time in ACT lead you to yourself”. The slogan is very much relevant and thought provoking. No one can disagree or ignore the effort taken by the Green Club to convert our campus green and environmental friendly. The Club firmly holds the view that education must go hand in hand with sustainable eco-friendly practices. The Green Club ACT, in short, takes the lead in redefining the environmental culture within the campus of ACT. As the motto suggests “May your time in ACT lead you to yourself” let the members explore the unseen part of them, a part which is in harmony with the environment.

World Environment Day was celebrated in the college with great enthusiasm on 5th June 2020. “Innathe Thai Nalathe Thanai” project was inaugurated in the college by the Manager Rev. Fr. Scariya Mangarayil. The college has received tree saplings from the Krishibhavan, Thiruvampady. The Green Club ACT, initiated the programme. Most of the teachers and students planted tree saplings in their home.

Plant a Tree Challenge was initiated by the Club on International Environment Day and was taken to heart by the students and it turned out to be the proclamation of the Alphonsians to create a new paradigm by creating an awareness about a sustainable solution to environmental and social needs of the hour. The members of the Club are the ambassadors of environmental protection and sustainable development.

A **Logo making competition** was conducted by the GREEN CLUB of ACT on 7th July 2020. Around 30 entries were there. Don Thomas of 5th Semester B. Com. C.A. bagged the first prize.

Pisciculture began in the college on August 14. The Green Club members were given 100 fish pawn from the Fisheries Department. The members of the group made a pond and nurturing the fish.

Respected Sir

Greetings from Alphonsa College Thiruvambady.

We are very glad to inform you that an enthusiastic group of youngsters under the banner of **Green Club** has been functioning at ACT for a couple of years. They have initiated several commendable projects at Alphonsa College and its vicinity within a short span . The members of this Club is very keen on starting a pisciculture in a pond in our premises. The pool is fairly large enough which extends over five scents of land. It is an ideal place for fish farming and the **Green Club** is eager to utilize this spot for fresh water culture.

We shall be much obliged if you could render some assistance and practical advice regarding aqua culture to motivate and equip our members for this endeavour. We are looking forward to hearing from you.

Awaiting your favourable reply

Thanking you

Yours Sincerely

Sheebamol Joseph(Coordinator ,Green Club)
