## Study -Tour, 2019

*“You see real growth when you're pushed out of your comfort zone—if you can find a way to do that, do it because those are the sort of memories that will stand out the most.”*

Education Tours are very important for the overall development of a student. It gives them an opportunity to learn from their own experiences and from the experience of others. From Kashmir valley to Kanyakumari our country provides hundreds of places known for architecture, climate, scenery, environment, history, development, industry, culture, music, dance, religion, flora and fauna. Besides, there are seats of learning, which one may like to visit.

A two day long study tour of the B.A (Final Year) students was organized in an impeccable manner. Twenty two students from final year B.A under the leadership of Mr. Robin George and Ms. Deepa Dominic started their Munnar bound trip on

6<sup>th</sup> November 2019. The team came back on 9<sup>th</sup> November. The destinations of their trip were Munnar and Kodaikkanal. Tour was fantastic and well arranged by Mr. Amal & Mr. Ajin and everything went on as per the schedule.

Our guides were knowledgeable at every level and made each visit interesting with good presentation. Best part of our trip was the peace of mind we had. All the hotels were very nice and the staff were professionals. The destinations selected for the trip was unique with tranquility and serene atmosphere teeming with flora and fauna. Coffee and food were delicious.

As a member who accompanied, I do believe that the students enjoyed the days. And it might have given them enough memories to remember.

Thank you.
