### **Pro-Differently Abled Forum**

Pro-Differently abled Forum (PDF) is an association of Alphonsa College Thiruvambady to help the Needy. There is no greater disability in society than the inability to see a person as more. We prepare our students for careers and active citizenship by providing a high quality education and also prepare the students for social services.

Alphonsa College Thiruvambady has always been committed to sensitizing its students on issues relating to society. Thus it encourages its members to be pro – active towards sustainable development in their given milieu. The project Differently Abled consists of a dedicated group of students who are not there just to wear badge, and to get an extra tick mark to their report card. With a group of 63 students, the project Pro differently abled forum of Alphonsa College Thiruvambady stands for the betterment of society.
